INSTRUCTIONS FOR USE:
ALEVICYN™ DERMAL SPRAY with Microcyn® Technology
For Topical Dermatological Use Only
Rx Only-Prescription Medical Device- Caution: Federal Law restricts this device to sale, by or on the order of a licensed healthcare practitioner.

DESCRIPTION
ALEVICYN™ DERMAL SPRAY is a non-oily, non-foaming, pH neutral formulation indicated for use as described below.

DIRECTIONS FOR USE
Unless otherwise directed by a health care provider, apply Alevicyn™ Dermal Spray to the affected area two times a day to irrigate and debride wounds, and peri-wound tissue.

INGREDIENTS
Sodium Chloride, Sodium Sulfate, Monobasic Sodium Phosphate, Hypochlorous Acid (90 mg/L), Water.

Rx INDICATIONS
Under the supervision of a healthcare provider, Alevicyn™ Dermal Spray is intended for the cleansing, irrigation, moistening, debridement and removal of foreign material including microorganisms and debris from exudating wounds, acute and chronic dermal lesions including stage I-IV pressure ulcers, stasis ulcers, diabetic ulcers, post-surgical wounds, first- and second-degree burns, abrasions, minor irritations of the skin, diabetic foot ulcers, ingrown toe nails, grafted/donor sites and exit sites.

CONTRAINDICATIONS
Known hypersensitivity to any of the ALEVICYN™ DERMAL SPRAY ingredients.

Note: The solution contains hypochlorous acid as a preservative to reduce/prevent growth of microorganisms within the solution. The effect of this product in the wound bed has not been tested clinically.

PRECAUTIONS
ALEVICYN™ DERMAL SPRAY is to be used only as directed by a healthcare practitioner. Do not use to treat any condition other than that for which it is prescribed. Avoid contact with the eyes. If a reaction to ALEVICYN™ DERMAL SPRAY suggesting sensitivity or chemical irritation occurs, use of the medication should be discontinued and the prescribing healthcare practitioner consulted.

WARNINGS
Use only if solution is clear and container and seal are intact.

SIDE EFFECTS
There may be a temporary burning or stinging sensation when first applied to broken skin.

SHELF LIFE: See bottle for year and month of expiration. Use within 30 days of opening.

DISPOSAL
No special disposal considerations required.
KEEP THIS AND ALL OTHER MEDICATIONS OUT OF THE REACH OF CHILDREN.

CAUTION
For irrigation only, not for injection. Federal (USA) Law restricts this device to sale by or on the order of a physician.

STORAGE
Store with cap closed tightly after each use in its original container. Store at 59° to 77° F (15° to 25°C), and away from direct sunlight and heat sources. Do not allow to freeze.

HANDLING
Non-irritating, non-cytotoxic and non-sensitizing. No special handling precautions required.

HOW SUPPLIED
ALEVICYN™ DERMAL SPRAY is supplied in a 500 mL bottle, 240 mL spray bottle, a 0.9 fl. oz. (26 mL) bottle, and a 2 fl. oz. (59g) bottle in a post procedure pack.

For the 500 mL, 0.9 fl. oz (26 mL) and 2 fl. oz (59g), remove cap and safety seal from bottle, replace with the pump spray, and discard cap.
